CORY MORRIS

Operations Support Professional
+1 (509) 558-0403 / mr.corzjm99@gmail.com

Summary

Operations support professional with experience in warehouse and facility upkeep, emergency shelter operations, traffic control, and public-facing service. Maintains clean, organized, and safe work areas; supports daily operations through dependable attendance, clear team communication, and calm responses to changing needs. Brings a practical background in facilities support, supply distribution, and safety awareness.

Work Experience

Janitorial / Warehouse Support

Winsupply / Winnelson Plumbing Supply

January 2023 to Present

- Maintained clean, organized warehouse areas to support daily operations and safe movement through the facility.
- Completed routine cleaning, trash removal, and general facility upkeep.
- Supported a safe working environment through consistent attention to cleanliness and organization.

Emergency Shelter Support Worker

Bayard Enterprises • Lakewood, CO

January 2022 to January 2024

- Supported cold-weather shelter operations for guests during severe Colorado weather.
- Monitored guest areas and helped maintain a safe, orderly environment.
- Distributed food and basic supplies while assisting guests respectfully.
- Cleaned shelter spaces, removed trash, and responded to messes during busy operations.
- Coordinated with staff to address changing needs in a high-volume setting.

Traffic Control Flagger

WSB Barricade Colorado

January 2021 to January 2022

- Directed vehicle and pedestrian traffic around active construction zones to support safe work operations.
- Communicated with crews by two-way radio and followed changing field instructions.
- Maintained focus and situational awareness while working outdoors in changing conditions.

Janitorial & Plumbing Support

High School Facilities Department • Spokane, WA

January 2006 to January 2015

- Cleaned and maintained school spaces to keep facilities usable for students and staff.
- Completed basic plumbing-related support and responded to spills and other facility needs.
- Followed through on daily responsibilities with patience, consistency, and punctuality.
