Profile

Driven Software Engineering student at the University of Strathclyde with hands-on experience in full-stack web development and system administration. I am experienced in architecting responsive web applications using HTML, CSS, JavaScript, Django, and React.js, alongside engineering custom hardware-software integrations via Raspberry Pi and Linux environments. Beyond technical programming, I bring a strong track record in community engagement and project management. Through my roles as a Member of the Academic Excellence Association and a Leadership Candidate in the Crown Prince's International Scholarship Program, I have collaborated to implement targeted educational initiatives, maximize youth engagement, and resolve complex cross-functional challenges. I am exceptionally organized under pressure and actively seeking opportunities to leverage my collaborative problem-solving and technical skills to drive user-friendly, impactful solutions.

Highlighted Skills

- **Programming & Tools:** Python, SQL, Linux Administration, HTML, CSS, JavaScript (JS), Django, React.js, Git/GitHub.
- **Data & Analytics:** Exploratory Data Analysis (EDA), pandas, Matplotlib, Seaborn.
- **Project Management:** Strategic Planning, Cross-functional Collaboration, Leadership, Event Coordination.
- **Languages:** Arabic (Native), English (Fluent).

Education

- **University of Strathclyde, Bahrain**
BSc Hons Software Engineering (Sep 2026 – Sep 2031)
 - **RCSI Medical University of Bahrain**
Foundation Year (Sep 2025 – Sep 2026)
- AL-HIDAYA AL-KHALIFIA SEC. BOYS**
General Secondary Certificate (Science & Mathematics), 2025 | Grade: 99%

Projects

Academic Web Platforms & Robotics Integration (Python, HTML, CSS, Django, React.js, Raspberry Pi)

- Engineered responsive full-stack web applications for school peers and programmed a functional spider robot, demonstrating advanced system administration and hardware-software integration capabilities.

Experience

Freelance Web Developer & System Administrator | Independent (Ongoing)

- Architected and deployed full-stack web applications utilizing HTML, CSS, JavaScript, Django, and React.js, translating complex user requirements into highly functional, user-friendly digital interfaces.
- Engineered custom hardware-software integrations via Raspberry Pi and administered Linux environments, ensuring stable system performance and demonstrating rapid self-directed learning of new technologies.

Leadership Candidate | Crown Prince's International Scholarship Program, Manama, Bahrain (07/2024 - 02/2025)

- Analyzed and resolved cross-functional challenges during intensive leadership workshops, strengthening collaborative problem-solving skills and project management capabilities.
- Completed an intensive 3-month preparatory phase encompassing SAT and IELTS academic training, while concurrently earning the CMI Level 3 Certificate in Principles of Management and Leadership.

Member | Academic Excellence Association, Muharraq, Bahrain (09/2025 - Present)

- Collaborated with academic experts to develop and implement targeted educational initiatives, maximizing youth engagement and fostering strategic alliances across the university network.

Community Engagement & Volunteering

Patient Care Assistant | Alsalam Social Association (Jul 2025 - Aug 2025)

- Organized patient reception, coordinated appointments for medical check-ups and charitable surgeries, and provided psychological support across outpatient clinics, laboratories, and intensive care units.

Campaigner | Breast Cancer Awareness & Prevention, Everywhere Volunteering Team (Oct 2025)

- Volunteered to effectively campaign for breast cancer awareness and prevention. Operated educational stations to foster public understanding and coordinated with fellow volunteers to ensure cohesive team communication.

Certifications

- **CMI Level 3 Certificate in Principles of Management and Leadership**, Chartered Management Institute (12/2024)
- **Introduction to iOS Mobile Application Development**, Meta
- **NDG Linux Unhatched**, Cisco Networking Academy (06/2021)
- **Academic Integrity Course**, RCSI
