EXPERIENCE

Healthcare Analyst

Comfort Home Healthcare, LLC

Summer 2024 & Summer 2025

Aurora, CO

- Analyzed patient care and operational data to build reports and dashboards tracking caregiver utilization, client outcomes, and service delivery across the agency.
- Streamlined caregiver scheduling and staffing across multiple clients, improving shift coverage and reducing scheduling conflicts.
- Audited client records for compliance with Colorado Medicaid and state home-care regulations, supporting quality-improvement initiatives.
- Reviewed Medicaid eligibility and billing/claims data to ensure accurate reimbursement and flag discrepancies before submission.

Shift Lead

Sweet Cow Ice Cream

June 2022 – August 2023

Denver, CO

- Led shift operations to ensure exceptional customer service and efficient day-to-day shop functionality.
- Directed staff training and development, fostering a culture of excellence and collective success.
- Implemented and oversaw inventory control measures aligned with operational, safety, and security standards.
- Maintained superior quality of menu offerings while cultivating high customer satisfaction and team morale.

Intern

Heliogen

February 2021 – April 2021

Remote

- Explored machine learning applications in sustainable energy, deepening understanding of AI's role in renewable solutions.
- Contributed to research and discussions on AI-driven approaches to transforming renewable energy and automating complex tasks.

LEADERSHIP & INVOLVEMENT

- **Founder, MTV CubeSat** — Promoted diversity in engineering through the A3SAT project; learned software programming, soldering, and teamwork to successfully launch an A3SAT into the stratosphere.
- **Member, BlackGen Capital** — Participated in a campus finance group fostering financial literacy and engagement across the university.
