London, United Kingdom | +44 7869770490

pulidoana1250@gmail.com

Proactive Computer Science (Games) student with a strong foundation in programming, game engines, and design. Proficient in C++, Java, and Python, with experience using Unreal Engine and a technical background in Graphic Design. Passionate about bridging the gap between students and the tech industry through leadership and community advocacy.

SKILLS

- Languages: C++, Java, Python, Spanish (Native), English (C1/Advanced).
- Software & Tools: Unreal Engine, Graphic Design, Blender.
- Soft Skills: Leadership, Creative Problem Solving, Cross-functional Teamwork, Bilingual Communication.

EDUCATION

- BSc Computer Science (Games) | University of Greenwich | Sept 2025 – Present
 - Focus: Object-Oriented Programming, Game Engine Dynamics, and System Architecture.
- Technical Baccalaureate in Graphic Design | Francisco de Paula Santander Industrial Technical Institute | Nov 2020
 - Achieved "Best Average Award" for Grade 11.
- IELTS Certification | Achieved C1 Level

EXPERIENCE

- Student Ambassador | Next Tech Girls (Partnered with UoG) | Dec 2025 – Present
 - Outreach: Representing the University of Greenwich to promote tech career opportunities and industry events to the student body.
 - Advocacy: Acting as a student voice and feedback loop to help bridge the gap between education and the tech industry.
 - Event Support: Assisting with industry workshops and networking sessions to encourage peer participation in STEM.
 - Digital Engagement: Amplifying organization updates and sharing industry insights via professional social media platforms.
- **Social Media Manager** | Women in STEM Society, University of Greenwich 2026
 - Content Creation & Strategy: Design and produce high-quality visual assets, promotional posts, and engaging video content to amplify the society's mission and visibility across digital platforms.
 - Event Promotion: Build and execute targeted promotional campaigns for university events, workshops, and guest speaker sessions, successfully driving member engagement and attendance.

- Community Engagement: Manage the society's online presence, effectively communicating core initiatives and fostering an inclusive digital community for women in technical fields.
- Bilingual Customer Service Representative | 2-Month Experience
 - Utilized advanced English and Spanish skills to resolve inquiries and ensure clear communication in a professional environment.
