Bachelor of Arts Environmental & Sustainability Studies **GPA:** 3.87/4.00

Green Business Certification Inc. LEED Green Associate – *Certificate Holder*

- Developed strong understanding of sustainable built environment, including in waste management, heat island reduction, and renewable energy implementation
- Presented research findings on CO2 emissions from LEED Platinum certified buildings versus traditional buildings at Indiana University Undergraduate Research Symposium

Boston University Paralegal Certificate Program – *Paralegal Candidate for Spring 2027*

Relevant Coursework: Environmental Change, Green Building, Comparative Policy

- In Progress: Environmental Economics and Finance, Climate Law and Policy, Environment and Society

PROFESSIONAL EXPERIENCE

Green Century | Boston, MA *May 2026 – August 2026*

Shareholder Advocacy Intern

- Performed meta-analyses on global plastics and greenhouse gas emissions data to assist advocacy team in proposal building
- Analyzed corporate sustainability reports, proxy statements, and SEC filings to identify gaps in C-Suite
- Developed data management on Excel and Power BI to increase retrieval speed and efficiency within multiple teams at firm
- Contributed research and data analysis supporting shareholder proposals filed with portfolio companies on accountability

Yoder Lab | Bloomington, IN

Undergraduate Researcher *February 2026 – Present*

- Conducted decision support tool (DST) research to identify behavioral and financial barriers to heat pump adoptions
- Designed survey instruments informed by behavioral economics frameworks including loss aversion and biases
- Utilized large language models (LLMs) to model and segment customer types, informing DST design
- Translated research into issue brief to be distributed to Monroe County citizens and public interested in heat pumps

LEADERSHIP & INVOLVEMENT

Indiana University Student Government (IUSG) | Bloomington, IN *May 2026 - Present*

Director of Environmental Affairs

- Led executive team and student body on environmental activity and spearheading initiatives such as LEED auditing, campus clean-ups, waste management, and sustainability-focused career panels

Indiana University Funding Board | Bloomington, IN *April 2026 - Present*

Voting Board Member

- Evaluated student organization budget proposals for accuracy, eligibility, and compliance with board bylaws before voting
- Collaborate with fellow board members to assess funding requests and determine responsible distribution of activity funds

Epsilon Eta | Bloomington, IN *December 2025 - Present*

Chair of Finance

- Developed strict funding and audit procedures to ensure transparency and efficiency
- Oversaw financial planning for chapter events and activities, ensuring fiscal responsibility and alignment with chapter goals
- Coordinate dues collection and budget reporting for a chapter of 20+ active members, maintaining financial transparency

O'Neill School of Public and Environmental Affairs Graduate Department | Bloomington, IN *September 2026 – Present*

Researcher

- Developed causal analysis on Indonesian mono-economies to conclude the effects of climate change and transition risk on mono-economy health and long-term success
- Studied under accredited professor of environmental economics and learned R and Python to create visual diagnostic plots
