

AYOMIDE SHALOM BABALOLA

Toronto, ON | (416) 854-3516 | ayobabalola30@gmail.com | [LinkedIn](#)

PROFESSIONAL SUMMARY

Master of Science in Data Science and Analytics student at Toronto Metropolitan University with a B.Sc. in Computer Science and hands-on experience cleaning, validating, querying, and visualising data using SQL, Excel, and Google Looker Studio. Background at a national financial regulator and in public-sector budget administration, with experience in financial reconciliation and spotting data discrepancies. Currently building Python and Power BI skills for data analysis.

TECHNICAL SKILLS

Data Querying & Databases: SQL (SELECT, WHERE, JOINS, GROUP BY, aggregate functions)

Spreadsheets & Analysis: Microsoft Excel (Pivot Tables, VLOOKUP/XLOOKUP, SUMIFS, IF statements, Data Validation, Conditional Formatting)

Programming: Python (pandas, NumPy; currently learning)

Data Visualisation & Reporting: Google Looker Studio, Excel Charts, Interactive Dashboards, KPI Reporting

Analytics Concepts: Data Cleaning, Data Validation, Data Integrity, Exploratory Data Analysis, Trend Analysis, Root Cause Analysis, Financial Reconciliation

RELEVANT EXPERIENCE

Data Visualisation Intern | Excelerate | Remote **Apr 2025 – May 2025**

- Cleaned, formatted, and validated raw business datasets in Excel and SQL by removing duplicates, standardising inconsistent entries, and handling missing values to ensure accurate reporting.
- Wrote SQL queries using JOINS, filters, and aggregations to extract business trends, segment data, and answer stakeholder questions on key performance metrics.
- Built interactive dashboards in Google Looker Studio that turned KPIs into clear visuals, enabling stakeholders to monitor performance and make data-driven decisions.

IT Support Intern | Securities and Exchange Commission (National Financial Regulator) | Abuja, Nigeria **Jan 2023 – Jun 2023**

- Maintained an Excel-based log of IT support tickets and analysed recurring issues by category and frequency to identify root causes and reduce resolution turnaround time.
- Delivered Tier 1 technical support for hardware, software, LAN/Wi-Fi, and peripherals to commission staff in a regulated financial environment with strict confidentiality and data security standards.

ADDITIONAL EXPERIENCE

Secretary | Universal Basic Education Commission (UBEC) | Abuja, Nigeria **Sep 2025 – Jul 2026**

- Tracked operational budgets and petty cash expenditures, reconciling transactions against receipts and records to identify discrepancies and ensure financial accountability.
- Managed confidential executive records and documentation for the Deputy Executive Secretary, keeping files accurate, organised, and audit ready.

Administrative Intern | Datech Nig Ltd | Abuja, Nigeria **Feb 2025 – Aug 2025**

- Built an Excel transportation expense tracker using formulas (SUMIFS, lookups) to monitor spending by category and simplify monthly budget reconciliation.
- Redesigned the document management workflow with a consistent naming and filing structure, significantly reducing file retrieval time for cross-functional teams.

EDUCATION

Master of Science in Data Science and Analytics | Toronto Metropolitan University, Toronto, ON **Expected 2027**

Bachelor of Science in Computer Science | Babcock University, Nigeria **2020 – 2024**
