CAMRYNNE PAUL

Los Angeles County / San Bernardino County, CA | (909) 702-0060 | paulcamrynne333@gmail.com | github.com/camrynn3

PROFESSIONAL SUMMARY

Computer Science student (expected graduation May 2027) with full-stack development experience in Java, Python, and Spring Boot, alongside real-world experience in social media promotion, community building, modeling, and customer service. Skilled at building and shipping software as part of a team, as well as growing engaged online audiences and connecting people with local music and event opportunities. Outgoing, dependable, and equally comfortable writing code, engaging audiences online, or working face-to-face with customers.

EDUCATION

California State University, Los Angeles | Bachelor of Science in Computer Science ***Expected May 2027***

Upland High School | Upland, CA — High School Diploma

TECHNICAL SKILLS

Programming Languages: Java, Python, SQL, JavaScript, HTML, CSS

Frameworks & Libraries: Spring Boot, Spring MVC, JPA, Hibernate, Bootstrap, REST APIs

Tools & Technologies: Git, GitHub, MySQL, IntelliJ IDEA, VS Code, Tomcat

Concepts: MVC Architecture, Object-Oriented Programming, Database Design, API Development, Operating Systems

PROJECTS

Operating System Escape Room | *Python, Team Project* ***2026***

- Collaborated in a team to develop an interactive escape room game centered on operating system concepts and problem-solving.
- Implemented gameplay mechanics, room logic, and UI improvements using Python.
- Designed scheduling and synchronization puzzles to reinforce operating systems concepts.
- Used GitHub for version control, collaborative development, and feature updates.

Student Management Web Application | *Java, Spring Boot, MySQL* ***2025***

- Built a full-stack web application for managing students, classes, and session enrollment.
- Developed REST API endpoints for creating classes, assigning students, and retrieving session data.
- Integrated persistent storage using Spring Data JPA and MySQL.
- Designed responsive user interfaces with Bootstrap and MVC architecture.

Lesson Tracker Pro | *Spring Boot Full-Stack Project* ***2025***

- Developed a database-backed lesson tracking application for attendance and lesson management.
- Implemented CRUD functionality and relational database integration with MySQL.
- Structured the application using Spring MVC architecture and reusable JTE layouts.

LEADERSHIP EXPERIENCE

Team Software Development Projects

- Collaborated with classmates using GitHub repositories, branches, commits, and pull requests.
- Participated in debugging, feature implementation, and software testing workflows.
- Applied software engineering principles across multiple academic development projects.

Discord Community Founder & Administrator | *Independent*

- Founded and grew an online community of 300+ members centered on music, events, and creative promotion.
- Built and maintained a space where members promote music, parties, and events to an engaged audience.
- Drove participation by connecting creators, artists, and event promoters, and encouraging ongoing community interaction.

ADDITIONAL EXPERIENCE

Team Member | *Panera Bread, Upland, CA* ***Jan 2024 – Present***

- Provide front-end customer service, handling requests and order modifications with a friendly, reliable approach.
- Support stocking, replenishment, dishwashing, and daily store operations.

Model | *Los Angeles Apparel, Los Angeles, CA*

- Modeled apparel in photo shoots showcasing clothing and products for the brand.
- Worked on set to present garments clearly and support visual brand content.

Social Media Event Promotion | *Independent*

- Promoted parties and social events to an engaged Instagram following on a regular basis.
- Created and shared promotional content that increased event visibility, awareness, and audience interest.

Cashier | *Walmart, Upland, CA* ***Jan 2022 – Jun 2022***

- Handled front-end transactions and assisted customers in a high-volume retail environment.
- Supported stocking and replenishment to keep shelves ready for customers.

Team Member | *Wendy's, Upland, CA* ***Aug 2019 – Jan 2020***

- Prepared customized food orders and supported front counter and drive-thru service.
- Assisted with cleaning and daily store operations.
