PROFILE

Detail-oriented Engineering and Management student with strong analytical and organizational skills. Experienced in managing data driven academic projects, tracking progress and streamlining reporting workflows, with hands-on exposure to Jira and a strong interest in digitalization and project management.

EDUCATION

B.Sc. Engineering and Management

Oct 2025 - Present

Technische Hochschule Ingolstadt, Germany

Relevant Coursework: Economics, Start-up Project, Financial Accounting, Computer Science, Production Systems.

EXPERIENCE

Methodist Hospital – Data Support Intern

June 2024 – Dec 2024

- Organized 100+ patient records weekly and independently, improving reporting accuracy.
- Generated monthly status tracking and operational and process reports that supported faster decisions by the hospital management.
- Streamlined data entry processes, reducing errors by roughly 15%.
- Maintained continuous communication with higher-ups to ensure alignment and transparency.

Scab Pharmacy – Customer Support

Aug 2023 – May 2024

- Advised 50+ customers daily, translating product information into clear, practical guidance.
- Tracked and coordinated replenishment for an inventory of 500+ products, cutting stockouts by 20%.
- Maintained accurate daily transaction records, reinforcing attention to detail and process discipline.

PERSONAL/ ACADEMIC PROJECTS

Deloitte Data Analysis Job Simulation on Forage

Aug 2026

Completed a job simulation focused on real-world data analytics tasks, using Excel and Tableau. I was able to identify business insights and create data visualizations, where my findings were communicated effectively to support data driven decision making.

Start-up Development Project

Nov 2025 – Dec 2025

Generated innovative ideas for a sustainable suitcase product and contributed to defining its unique selling proposition (USP) and added value. A market and competitor analysis was also conducted within the suitcase and travel industry, compiled and structured for the complete project report. My task ensured clarity and consistency of the final documentation, and a presentation of the startup concept collaboratively as part of a team.

SKILLS

- **MS Office**, *Expert*
- **Jira** *Intermediate*
- **Python**, *Intermediate*
- **Tableau**, *Intermediate*
- **Power BI**, *Intermediate*
- **SAP**, *Beginner*

Soft skills: Communication, Time management, Organizational skills, Teamwork, Proactiveness, Critical thinking.

ADDITIONAL CERTIFICATES

- **Advanced Power BI Workshop**, *Technische Hochschule Ingolstadt*
- **Advanced Excel Workshop**, *Technische Hochschule Ingolstadt*
- **Fundamentals of Digital Marketing**, *Google*

LANGUAGE COMPETENCE

- **English**, *Business Fluent – C2*
- **German**, *Basic – A2*
- **French**, *Basic – A2*
