

ESHRAT TAHSIN

Toronto, ON M5R 3G8 | (437) 260-7949 | eshrattahsin@gmail.com

PROFESSIONAL SUMMARY

Finance professional with hands-on experience in financial modeling, business valuation, forecasting, and account reconciliation across pharmaceutical, healthcare, and education organizations. FMVA® certified with completion of CFI's Investment Banking & Private Equity Modeling specialization, building three-statement models, DCF valuations, and pricing models. Proven ability to work independently under tight deadlines, translate complex analysis into client-ready deliverables, and communicate clearly with stakeholders at all levels. Clinical/pharmacy background adds domain literacy valuable for due-diligence and industry research across diversified sectors.

CORE SKILLS

Financial Modeling (DCF, Three-Statement, Comparable & Precedent Analysis) • Business Valuation • Corporate Finance & Deal Support • Due Diligence & Information Management • Pricing Models • Client Presentations & Proposals • Market, Competitor & Industry Research • Financial & Management Reporting • Variance & Comparative Analysis • Advanced Microsoft Excel (Pivot Tables, VLOOKUP) • Data Analytics & Large-Dataset Analysis • Cross-Functional & Client Communication • Independent Project Ownership Under Deadline Pressure

PROFESSIONAL EXPERIENCE

Retail Sales Associate

Cosmo Canna

Sep 2025 – Present

Toronto, ON

- Reconcile daily inventory and cash and operate point-of-sale systems within a regulated industry, maintaining transactional accuracy and compliance under strict daily deadlines.

Business Analyst

HelloDoc24 (Digital-Health Platform)

Jul 2020 – Jul 2021

Dhaka, Bangladesh

- Built pricing models and revenue/pipeline forecasting trackers in Excel to support commercial planning, valuation of new offerings, and data-driven decision-making.
- Conducted market research and competitor benchmarking (comparative analysis) across the digital-health industry to inform product positioning and pricing strategy, delivered as client-ready analysis.
- Led the full B2B commercial cycle and coordinated a 6-person team, preparing proposals and presentations that translated analysis into ten closed enterprise accounts.

Corporate Finance Intern

Renata Pharmaceuticals PLC

Jan 2019 – Mar 2020

Dhaka, Bangladesh

- Supported financial reporting, account reconciliations, and monthly management reporting across multiple product lines within a 30-person corporate finance team.
- Contributed to three-statement model inputs and variance analysis supporting capital-allocation and asset-valuation reviews.
- Built advanced Excel analyses (pivot tables, VLOOKUP) to improve reporting efficiency, accuracy, and month-end turnaround under tight deadlines.

EDUCATION

Post-Graduate Diploma, Global Business Management — Centennial College, Toronto, ON

Bachelor of Pharmacy (B.Sc.) — North South University, Dhaka, Bangladesh
