PROFESSIONAL SUMMARY

Finance and accounting student at the Carlson School of Management with a Minor in Business Analytics pursuing a career in investment analysis and corporate finance. Brings hands-on experience in financial modeling, multi-period forecasting, and investment operations across internships spanning venture-backed portfolio companies and an investment management firm. Skilled at synthesizing large data sets, automating reporting workflows, and delivering analysis that supports capital planning and performance decisions.

EDUCATION

University of Minnesota, Carlson School of Management

Bachelor of Science in Business, Accounting and Finance; Minor in Business Analytics.

Minneapolis, MN

Expected May 2028

EXPERIENCE

Data Analytics and Finance Intern

July 2025 – February 2026

Aleph Ventures

Brooklyn Center, MN

- Consolidated and automated monthly reporting, forecasting, and revenue recognition workflows for 21 portfolio companies, reducing manual errors and improving reporting efficiency by 15-20%.
- Built 12-month rolling sales and cash flow forecast models in Excel and Google Sheets using standardized expense and compensation data across 20+ companies and 50+ sales representatives, supporting budgeting, performance reviews, and capital planning decisions.

Management Consultant

October 2025 – January 2026

180 Degrees Consulting

Minneapolis, MN

- Conducted market research on Gen Z donor behavior and partnership opportunities across 3 universities and 20+ student organizations, synthesizing qualitative and quantitative data into a client-ready strategic recommendation.
- Evaluated fundraising strategies based on expected costs, donor engagement, and partnership feasibility to help the client prioritize outreach opportunities.

Investment Operations Intern

June 2023 – August 2023

Punch and Associates Investment Management

Edina, MN

- Migrated and reconciled 3,000+ historical client records across 100+ family accounts in Salesforce and Excel, consolidating 20 years of accumulated data into a centralized, accessible system to strengthen reporting accuracy and compliance documentation.
- Researched compliance requirements, organized findings, and delivered a structured report to the CFO to support regulatory oversight and firm-wide compliance processes.

ACTIVITIES & LEADERSHIP

Ethiopian Student Association

July 2025 - Present

Co-Grant and Fundraising Chair

- Generated \$3,000+ in fundraising revenue through 5 sold-out events and 2 food-vendor partnerships by leading campus outreach, student engagement, and event promotion. Secured \$200-\$500 in grant funding per event for 9 student programs and developed event budgets to project revenue, costs, and funding needs.

African Student Association

July 2025 - Present

Co-Event Coordinator

- Managed a \$5,000+ budget across 12 campus events, coordinating vendors, staffing, logistics, and expenses for programs serving 150+ attendees. Produced promotional materials for 2 of the organization's highest-attended events, supporting student outreach and participation.
