EDUCATION

University of California, Irvine, Irvine, CA

June 2027

Bachelor of Science, Business Information Management

GPA: 3.56 | Dean's Honor List

Coursework: Management Science, Operations Management, Project Management, Requirements Engineering, Strategic Management, Management of Information Technology

PROJECTS

Grated Food Discovery Platform — INF 151 Project Management

June 2026

- Managed planning for a 10-week software project by defining scope, schedules, milestones, and deliverables to support project execution
- Collaborated with a 4-member cross-functional team to define project requirements, schedules, risks, and stakeholder communication plans
- Applied hybrid project management methodologies to balance iterative product development with structured planning and execution
- Estimated project costs and assessed project risks to support data-informed planning and execution

Campus Parking Management System — INF 113 Requirements Engineering

June 2026

- Conducted 9 stakeholder elicitation sessions to gather and validate functional and non-functional requirements
- Authored user stories, use cases, acceptance criteria, and requirements documentation to support software development
- Collaborated with teammates to evaluate product tradeoffs and refine scope based on stakeholder feedback
- Prioritized and refined product requirements by evaluating stakeholder feedback and implementation tradeoffs

EXPERIENCE

Design @ UCI, Irvine, CA

January 2026 – June 2026

Finance Intern

- Coordinated fundraising initiatives by managing budgets, schedules, and cross-functional deliverables to support operational execution
- Tracked and analyzed event budgets in Excel to support forecasting and operational decision-making
- Collaborated with 4–6 executive board members to prioritize tasks and execute projects within budget and schedule constraints

Southeast Asian Student Association (SASA), Irvine, CA

January 2026 – June 2026

Public Relations Intern

- Planned and executed promotional campaigns supporting weekly events that increased Instagram audience from 600+ to nearly 1,000 followers
- Coordinated messaging across 6+ executive board members to align communication, schedules, and campaign execution
- Managed 20+ campaign deliverables across multiple events while meeting 100% of weekly deadlines

Executive Next Practices Institute (ENP), Irvine, CA

August 2025, February 2026

Event Volunteer – ReINVENT Summit

- Coordinated logistics for a professional conference serving 100+ attendees, ensuring smooth execution across multiple stakeholders
- Resolved operational issues in real time by communicating with speakers, staff, and attendees
