Broward College, Coconut Creek, FL

May 2018

Associate of Arts; High Honors (GPA: 3.7/4.0)

PROFESSIONAL EXPERIENCE

Mercor Intelligence | *AI Model Evaluation Analyst (Contract)*

Aug 2026 – Present

- Evaluate AI-generated responses for accuracy, reasoning quality, relevance, nuance, and compliance with detailed rubrics.
- Identify logical gaps, unsupported assumptions, factual inconsistencies, and implicit meanings that can reduce model reliability.
- Write concise, evidence-based rationales that turn complex judgments into actionable feedback for model improvement.

Extern (Attrionica) | *FP&A & Private Company Valuation Extern*

Aug 2026 – Present

- Analyze four years of audited financial statements for a mid-sized private IT services company using Excel and AI-assisted modeling.
- Build a segment-level income statement and driver-based forecasts for a business pursuing digital and Google Antigravity initiatives.
- Construct a DCF valuation, sensitivity analysis, and comparable-company cross-check; synthesize findings in a four-page executive recommendation.

Handshake | *AI Evaluation Specialist (Contract)*

Nov 2025 – Present

- Evaluate text, image, audio, and multimodal AI outputs for accuracy, clarity, coherence, creativity, and instruction adherence.
- Apply structured rubrics across complex assignments and provide specific written feedback that supports model improvement.

Extern | *Equity Research Analyst*

Nov 2025 – Jan 2026

- Researched a publicly traded semiconductor company using 10-K filings, financial statements, competitive positioning, and macroeconomic drivers.
- Built DCF, comparable-company, and precedent-transaction analyses; drafted an investment memo covering valuation, catalysts, and risks.

Seacoast Bank | *Client Advisor (Contract), Orlando, FL*

Jul 2025 – Oct 2025

- Advised clients on deposit and lending solutions while resolving complex account inquiries in a high-volume banking environment.
- Supported frontline operations during Seacoast Bank's merger with Heartland Bank and applied AML/BSA, onboarding, and risk-control procedures.

Bank of America | *LIFT Summer Program Intern*

May 2025 – Jul 2025

- Completed technical training in Excel, Power Query, Tableau, and Alteryx for data-driven financial decision-making.
- Applied DCF, comparable-company, and risk analysis in business simulations and a financial-inclusion case study.

SELECTED PROJECTS & LEADERSHIP

ALPFA New York x Bank of America Innovation Competition | *Risk Analysis Lead*

Jun 2025 – Jul 2025

- Placed 2nd of 24 teams; analyzed \$30M+ in simulated loan and branch data using Excel, Power Query, and Tableau and presented recommendations to Bank of America executives.

Agent for Iterative Alpha Discovery | *Presenter, Cornell Tech Knowledge Graph Conference*

Jun 2025

- Presented AI-driven finance research and collaborated with data scientists and finance researchers to improve model interpretability.
