PROJECTS

Patched, L'Oréal Brandstorm 2026 | Figma, FigJam, Blender | [See Project ↗](#) January - March 2026

- Led research and product design for a L'Oréal Brandstorm 2026 fragrance wearable concept, using Google Forms for surveys, FigJam for ideation, and Figma and Blender for high-fidelity 3D pitch visuals, delivered within 10-weeks.

BlockABloom | Figma, Xcode, Illustrator, Xcode | [See Project ↗](#) September 2024 - April 2025

- Assisted in the design process for a water quality monitoring app, contributing low-fidelity sketches and UI design in Figma and FigJam and helped to program for iOS using Xcode.

Space | Figma, FigJam | [See Project ↗](#) January 2025 - April 2025

- Conducted campus-wide UX research using Google Forms and FigJam to identify study space pain points, then translated findings into high-fidelity prototypes in Figma culminating in a live pitch at the Blaze Venture Challenge at UIC.

PROFESSIONAL EXPERIENCE

Administrative Assistant, SkinDay Spa July 2026 - Present

- Executed a range of administrative and clerical duties to keep daily spa operations running efficiently. Greeted employees and visitors with professionalism and hospitality that reinforced client trust. Assisted in managing service providers' calendars, ensuring scheduling information stayed current, accurate, and updated in real time.

Writing Tutor, University of Illinois Chicago Oct 2023 - May 2025

- Provided ITTPC Level II-certified, 1-on-1 writing coaching to undergraduate and graduate students across disciplines via multiple modalities (in-person, online, and async email), identifying individual needs, tailoring feedback strategies, and documenting session outcomes and next steps through an email system.

Design Intern, Groovetheory Design May 2024 - August 2024

- Collaborated directly with the Creative Director to produce high-quality static posts and carousel designs for clients across Instagram, iterating on revisions based on feedback and managing client communication via email.
