EDUCATION

Drexel University, Lebow College of Business

Bachelor's in Business Administration; Finance

Minor: Computer Science

Philadelphia, PA

Anticipated: March 2027

GPA: 3.51

PROFESSIONAL EXPERIENCE

Global Alternatives Transactions Analyst

March 2026 – Present

BlackRock

Wilmington, DE

- Execute end-to-end settlement of 300+ syndicated loan, private credit, and structured finance transactions totaling \$787.8MM+, validating trade economics, fees, commitments, settlement instructions, and custodial positions across Aladdin, ClearPar, WSO, and multiple counterparties
- Coordinate private investment funding activity, including \$352.44MM+ of take-ins and \$500.00MM DWAC transfers, partnering with BNY Mellon, Citi, JPMorgan, Northern Trust, and State Street to facilitate asset onboarding, custody transfers, and accurate transactions and funding execution
- Investigate and resolve 160 + asset reconciliation exceptions exceeding \$650MM, analyzing cash, position, and settlement discrepancies across internal systems and custodian records to strengthen controls, improve reporting accuracy, and mitigate operational and settlement risk
- Analyze and resolve 759 unapplied wire breaks and 72 withholding tax exceptions, tracing complex cash flows, coordinating with custodians, agents banks, and counterparties, and driving timely resolution of funding, accounting, and payment discrepancies impacting client asset portfolios

WLS Strategic Operations Analyst

March 2025 – September 2025

JPMorgan Chase

Newark, DE

- Supported the Agency, Trade, Closing, and Fee teams within Wholesale Lending Services, driving strategic optimization initiatives to improve WLS efficiency and undertaking ad hoc projects aligned with broader Commercial and Investment Bank efforts to elevate client and employee experiences
- Spearheaded a cross-functional project between Trade, Agency, and Special Credits teams to uncover communication and knowledge gaps, resolve data discrepancies and access misalignments across loan and document systems, and design and implement procedures to enhance productivity
- Reviewed 400+ credit agreements and syndicated loan terms to extract specialized data and accurately input ~2000 respective entries into LoanIQ
- Analyzed ~100 client emails to identify requests, trace activity in LoanIQ, and compile interaction examples into a database designed for AI training

Student Café Executive Officer

April 2024 – September 2024

Saxbys

Philadelphia, PA

- Managed operations for an exclusively student-run cafe, leading a 25-member team and overseeing all fiscal, operational, and key functions
- Owned financial reporting and assessment, including budgeting, variance tracking, and P&L management across sales, COGS, and labor performance
- Optimized costs by maintaining COGS at 20.15% and labor 21.84%, below targets of 29% and 23.5%, through data-driven staffing and procurement
- Directed onboarding, training, and team development initiatives, improving efficiency and advancing multiple team members into leadership roles

LEADERSHIP EXPERIENCE

President, Dean's Student Advisory Board

April 2023 - Present

- Lead and oversee four initiatives – LeBow Intelligence, Communications, Alumni Relations, and Career Peer Leaders – managing planning, execution and high-level oversight for 15+ annual workshops, industry panels, and networking events, guiding initiative plan and fostering student engagement
- Serve as central liaison between students, the Dean, faculty, and alumni; coordinating communications, funds, logistics, Dean-level engagements, weekly board updates, and weekly E-Board meetings to support professional development, alumni connections, and the overall student experience

Treasurer, Campus Activities Board

November 2022 - Present

- Oversee a budget of over \$140,000 while maintaining appropriate funding for ~75 key events and reviewing 500+ purchase orders annually
- Prepare the FY '26 Student Activity Fee Allocation Committee slide deck, integrating historical expenditure analysis and detailed account review to guide resource distribution, ensure financial sustainability, and advocate against budget reductions to support affordable student programming

PROJECT EXPERIENCE

Finalist, Philly Wide Case Competition

February 2025 – February 2025

- Placed in top 5 out of 20 teams from Drexel, Temple, Penn, and Villanova, presenting consulting solutions to judges from BCG and SEPTA
- Developed actionable short- and long-term strategies to improve SEPTA's profitability, reliability, and sustainability, conducting rapid research, examining performance metrics, and delivering result-oriented recommendations in a high-pressure, time-sensitive consulting environment

Venture Advisory Consultant, StarterByte

January 2025 – March 2025

- Advised StarterByte, a Drexel SaaS startup, on financial modeling, transaction volume-based pricing, and scalable growth strategy, delivering analysis-driven recommendations to establish revenue, client segmentation, and sustainable long-term market expansion through improved operations
- Designed and presented digital marketing strategies, including Search Engine Optimization, to enhance brand visibility and customer engagement
