

JAYDEN JOHNSON

Los Angeles, CA | (480) 853-6704 | therealjaydennathan@gmail.com | linkedin.com/in/jayden-johnson-712851285

SUMMARY

First-generation Computer Science student and AI Training Fellow who bridges technology and business: gathering stakeholder needs, building AI solutions from idea to deployment, and communicating results clearly. Hands-on experience with LLM evaluation, AI chatbots, and systems automation, plus proven leadership as a student organization founder, club officer, and former NAIA scholarship athlete. Quick learner who thrives on open-ended problems and multiple projects at once.

EDUCATION

Santa Monica CollegeSanta Monica, CA

Computer Science, Transfer Track (UC / USC) Aug 2026 – Present

Dakota State UniversityMadison, SD

Artificial Intelligence / Business AI | Dean's List | NAIA Scholarship Basketball Athlete 2025 – 2026

Honors: LEDA Scholar (Cohort 20) | First-Generation College Student

EXPERIENCE

Handshake AIRemote

AI Training Fellow May 2026 – Present

- Evaluate and rank LLM outputs across diverse prompts, applying domain knowledge to improve model accuracy, reasoning, and usefulness for end users
- Identify hallucinations, reasoning errors, and quality gaps; write structured feedback that translates technical issues into actionable improvements
- Analyze emerging AI tools and use cases across industries, building working knowledge of how AI creates measurable business value

Scottsdale BasketballScottsdale, AZ

AI Developer & Basketball Trainer May 2026 – Sep 2026

- Gathered requirements from the head coach, then designed and deployed AI chatbots using LLM APIs and custom persona prompts that replicated his voice and training philosophy
- Delivered 24/7 support for the coach's online community, answering player questions at every skill level and freeing up the coach's time
- Assisted the head coach with session planning, defensive drills, and play design for individual and group training clients

Santa Monica Basketball AcademySanta Monica, CA

Youth Basketball Coach Sep 2026 – Present

- Coach young players through structured skill development and game instruction, adapting communication to each player's level

Sunshine Foods MarketMadison, SD

Courtesy Clerk Sep 2025 – May 2026

- Served customers during high-volume peak hours and coordinated with store teams to resolve customer issues quickly

PROJECTS

AI CRM / ERP Integration2026

- Building AI automation that integrates CRM and ERP data flows to reduce manual data entry and keep customer and operations records in sync

AI Vision System for Production Automation2026

- Leading an AI computer-vision project to automate steps in a production process and cut production time

Jarvis – Personal AI Assistant2026

- Built a personal AI assistant that automates file sorting and routine tasks

AI Scam-Awareness Nonprofit (In Development)2026

- Developing an initiative and educational content to help older adults recognize AI-driven scams

LEADERSHIP

Founder & President, Black Student Union | Dakota State University Fall 2025 – 2026

- Founded the university's first BSU, building a welcoming community and support network for minority students in a limited-diversity town

Vice President, Rugby Club | Santa Monica College Sep 2026 – Present

- Lead team operations and strategic initiatives; manage club communications and logistics
