PROFESSIONAL SUMMARY

High-achieving BBA student at the Schulich School of Business with an 8.2 GPA and hands-on experience in financial reporting, reconciliations, and process automation, leveraging advanced Excel, VBA, and AI-enabled tools to resolve discrepancies and manage high-volume transactions. Demonstrates strong analytical and process-improvement skills honed through an internship, leadership, and a 1st-place finish (out of 12 teams) at the Lumen Case Competition.

EDUCATION

Bachelor of Business Administration

Sept. 2025 – May 2029

Schulich School of Business, York University, Toronto, ON

GPA: 8.2/9.0 | Awards: Dean's List 2025-2026, York University Entrance Scholarship (\$14,000)

Relevant Coursework: Financial Accounting I & II (A+), Macro/Microeconomics (A), Statistics (A)

RELEVANT EXPERIENCE

FINANCIAL REPORTING INTERN, Propel Holdings, Toronto, ON

May 2026 – Aug 2026

TSX-listed Canadian fintech expanding credit access; Deloitte Technology Fast 50 honoree (2024, 2025)

- Performed daily bank reconciliations and posted invoices covering \$25M in weekly transaction volume, filing 25+ Jira tickets per week to resolve discrepancies with the technology and data teams
- Built Excel VBA macros and used XLOOKUP, PivotTables, and GETPIVOTDATA alongside AI tools (e.g., Claude in Glean) to automate repetitive reconciliation steps, cutting daily processing time by 58%
- Initiated a cross-check reconciliation review step, identifying and resolving 10+ non-recurring, high-dollar discrepancies and establishing precedent cases that cut resolution time by approximately 40%
- Collaborated with 5+ team members across Financial Operations to document end-to-end bank reconciliation processes, surfacing time-consuming, manual steps that informed the team's formal automation initiative

VOLUNTEER / EXTRACURRICULARS

Director of Member Development, Schulich Protégé Program, Toronto, ON

March 2026 – Present

- Managed intake and review of 111 mentor applications submitted through a Google Form, a 59% increase from 70 applications the previous year, supported by a 5-person Instagram recruitment campaign
- Designed an interview scheduling system integrating Claude, Google Calendar, and Google Sheets, centralizing interviewer assignments to eliminate double-booking and coordinate 100+ interviews across 30+ executives
- Leveraged Claude and MCP connectors to check applicant status in Google Sheets and auto-draft 100+ personalized emails from templates, bypassing MergeMail's 50-recipient cap and cutting processing time by an estimated 82%

Lumen Case Competition, Schulich School of Business, Toronto, ON

March 2026

- Secured 1st place (out of 12 teams), proposing a market-entry strategy for Forward Lending (fintech) into Colombia through a \$25M strategic partnership, projecting 44% ROE in year 1 and \$14M net income by year 3
- Evaluated market size, regulation, and operational risk to select Colombia for its large target consumer base (~54M pop., ~45% underbanked), recommending a partnership over acquisition to limit capital and regulatory exposure
- Collaborated with a 4-person team to divide research, modelling, and strategy tasks under a 3-hour time constraint, supporting teammates across workstreams to produce a polished proposal ready for judge presentation

ADDITIONAL INFORMATION

Skills: Advanced Excel (VBA, XLOOKUP), Python, Claude (MCP connectors, Cowork & Code, AI-assisted development)

Certifications & Training (Anthropic): AI Fluency: Frameworks & Foundations (Jun 2026) | Introduction to Claude Cowork (Aug 2026) | Claude 101 (Aug 2026) | Claude: AI Limitations & Capabilities (Aug 2026)
