EXPERIENCE

ServeIT Clinic, Bloomington, IN

Team Lead

Dec 2025 - Present

- Lead a team of 5 interns in redesigning and improving a client website, coordinating project responsibilities, timelines, and deliverables.
- Serve as a primary point of contact between the team and client, translating client needs into actionable website improvements.
- Oversee usability, accessibility, and content improvements and delivered final recommendations and project documentation to the client.

Intern

Jan 2025 - Dec 2025

- Conducted 5+ heuristic evaluations and accessibility audits of client websites, identifying issues in navigation, alt text, color contrast, formatting, and web standards.
- Collaborated with a team of 5 interns to implement client-focused solutions, enhancing user experience for 1000+ website visitors.
- Delivered accessibility reports with actionable insights to help clients improve usability and compliance.

Hitachi Energy — AI Services Intern, Bangalore, India

June 2026 - August 2026

- Supported the AI Services team in developing and evaluating AI-driven workflows for enterprise applications.
- Analyzed Python workflows that extracted and categorized PDF data and generated structured prompts for LLMs.
- Worked with prompt engineering, LLM integration, and automated document processing while collaborating on AI solution development and testing.

ASK Investment Managers — Data Analyst Intern, Bangalore, India

June 2024 - Aug 2024

- Created financial and scoring models to assess the profitability of prospective investments.
- Analyzed 200+ real estate projects to evaluate investment viability, revenue potential, and profitability.
- Developed Excel visualizations and 2 micromarket maps to present investment insights and assess development potential.

LEADERSHIP AND INVOLVEMENT

Residential Programs and Services — Resident Assistant, Bloomington, IN

May 2025 - Present

- Support a residential community of 125+ students, fostering a safe and inclusive environment.
- Collaborate with 20 RAs and professional staff to support residents and coordinate hall-wide initiatives.
- Plan and facilitate 10+ educational and social programs promoting community and academic success.
