EXPERIENCE

The Silver Tech Report

September 2026 - Present

Independent Researcher | Seoul, South Korea (Remote)

- Creating and distributing a data-oriented newsletter that provides insights into efficiency and digital triaging in health-tech companies in South Korea.
- Analyzing macrodemographic databases (KOSIS, OECD Health Statistics) to determine comparative differences between U.S. and South Korean health logistics and assess acquisition strategies.

Ocean State Job Lot

April 2026 - Present

Front End Sales Associate | Franklin Park, NJ

- Handling large retail environments by improving organizational and checkout procedures for the customers.
- Resolving customer queries and executing merchandising plans in the commercial sector environment.

LEADERSHIP AND COMMUNITY INVOLVEMENT

Robert Wood Johnson University Hospital and The Cancer Institute of New Jersey

June 2023 - June 2025

Hospital Administrative Volunteer | New Brunswick, NJ

- Dedicated 160+ hours of experience in three different departments within hospitals handling logistics operations and administrative processes between departments.
- Organized the logistics of patient services, including arranging and distributing food for patients in accordance with specific diets and instructions.

AP Research Capstone

August 2025 - June 2026

Lead Researcher | Somerset, NJ

- Conducted an experimental study based on vignettes on "glass cliff" and the influence of gender perception of leadership in the time of crisis in companies.
- Evaluated complicated quantitative data sets using sophisticated statistical techniques such as Chi-Square tests to identify important information regarding operational risks.

ADDITIONAL INFORMATION

- Quantitative & Qualitative Research, Statistical Analysis, Database Navigation (OECD, EBSCO, KOSIS), Cross-Cultural Communication.
