Foothill College

Los Altos Hills, CA

GPA: 3.96

2025 - 2026

Relevant Coursework: Honors International Political Economy, Honors Institute Seminar in Economics

EXPERIENCE

Founder

November 2025 - June 2026

Urban Numbers

- Founded and operated an independent financial analytics and advisory practice from the ground up, managing all business functions (client acquisition, pricing, scope definition, and delivery) while advising 20+ clients and generating ~\$15K in revenue
- Built DCF, valuation, and debt-sizing models in Excel to evaluate investment returns and stress-test assumptions across market scenarios, incorporating rent growth, cap rate, and exit timing variables to form the analytical basis for client decisions
- Synthesized financial statements, operating data, and market comparables into structured client deliverables outlining return profiles, sensitivity ranges, and downside risk, ensuring assumptions were defensible and traceable back to source data
- Managed client relationships end-to-end, from scoping engagement objectives through final delivery, translating technical analysis into clear, actionable recommendations that non-technical stakeholders used to evaluate deal viability
- Priced and scoped engagements across varying client sizes and deal types, balancing depth of analysis against delivery timelines and client budgets while managing multiple concurrent priorities, communicating tradeoffs clearly, and adjusting scope

ACTIVITIES & LEADERSHIP

TIDE Academy Student Government

September 2024 – June 2025

12th Grade Representative

- Represented the senior class on the Student Government Board; planned and executed grade-wide events and fundraising initiatives from concept through delivery; helped decide administrative matters and budget allocations alongside faculty

TIDE Robotics Club

September 2023 – June 2025

Vice President

- Promoted from Lead Engineer to Vice President, owning the build and competition timeline across the season; directed the assembly team, delegating subsystem work and reviewing output for competition readiness; onboarded incoming members
