EDUCATION

University of California, Santa Barbara

B.A. in Economics.

June 2026

Relevant Coursework: Econometrics, Financial Management, Digital Data Wrangling, Public Finance, Monetary Economics, Intermediate Macroeconomic Theory, Intermediate Microeconomic Theory, Game Theory, Personal Finance, Introductory Accounting

EXPERIENCE

EFP Intern

December 2025 – June 2026

UCSB Economic Forecast Project

Santa Barbara, CA

- Collected and cleaned raw survey data to determine fair market value rent across Santa Barbara County and all neighboring counties, supporting regional economic analysis.
- Partnered with intern team to execute recurring raw data collection, research, and reporting tasks on deadlines.
- Updated the annual Industry Snapshot catalog, compiling data across business activity, GDP, real estate markets, employment, per capita income, demographics, and local finance, agriculture, oil and gas, and industrial sectors.

Student Ambassador

August 2023 – March 2024

UCSB Annual Fund

Santa Barbara, CA

- Engaged UCSB-affiliated donors and prospects to advance fundraising campaigns supporting campus programs.
- Raised over \$4,000 for campus programs including CLAS tutoring, UCSB Scholarship funds, and student resources.
- Maintained donor relationships and tracked outreach activity to support team reporting and follow-up efforts.

ACTIVITIES & LEADERSHIP

UCSB Men's Club Volleyball

April 2024 – June 2026

Club President

- Directed operations, long-term planning, budgeting, and administration for a 45-athlete program across 3 rostered teams with head coaches and supporting staff. Coordinated with UCSB Sports Club staff on facility scheduling, fundraising compliance, and club policies. Established paid coaching positions and managed annual operating logistics for competitive club activities. Raised over \$15,000 per year to fund travel, equipment, coaching, and program expenses. Successfully budgeted and forecasted revenues and expenses accrued across 2 seasons in a profitable and compliant fashion.

Undergraduate Accounting Society

January 2024 – December 2024

Member

- Attended Meet the Firms and professional speaker events to develop knowledge of financial services industry structures and career paths. Studied three-statement financial modeling, including income statement, balance sheet, and cash flow statement connections. Pursuing the certifications to build applied finance and analytics expertise, with long-term interest in the CPA and/or CFA designation.
