WORK EXPERIENCE

Port Agent

June 2022 – Present

Boatman B&B – Norway

- Coordinate port calls and shore-side operations for visiting vessels, serving as a key liaison between ship captains, crew, port authorities, and local service providers.
- Manage time-sensitive logistics including vessel arrivals and departures, passenger and crew movements, transportation, luggage, and operational requests.
- Coordinate multiple stakeholders and service providers to ensure accurate information flow, efficient resource coordination, and seamless execution of vessel operations.
- Resolve operational issues and adapt to changing vessel schedules and last-minute requirements while maintaining service quality in a fast-paced environment.

Equity research - Extern (Remote)

May 2026 – August 2026

- Conducted in-depth equity research on a publicly traded semiconductor company, analyzing 10-Ks, financial statements, market positioning, and macroeconomic factors to develop an investment thesis
- Built valuation models using discounted cash flow, comparable company analysis, and precedent transactions to assess intrinsic value and support investment recommendation
- Drafted a professional investment memo incorporating key financial insights, valuation analysis, and risk management

AI Engineering Externship – (Wayfair project) Top Performer (Top 10%) - (Remote)

March 2026 – May 2026

- Recognized as a Top Performer, ranking in the top 10% of participants based on exceptional effort, initiative, and presentation
- Built AI agents in n8n for automated trend analysis, competitor tracking, and content generation
- Conducted market and competitor analysis across the home goods sector to identify consumer and pricing trends
- Developed a live Google Sheets dashboard for AI-generated insights and competitive benchmarking
