Riverdale
May 2026

Professional Experience

Attronica Financial Planning & Analysis and Private Company Valuation Externship
Extern X Attronica

May 2026 - Present

- Analyzed financial statements for a private IT and AV integration company, assessing financial health through ratio analysis, industry benchmarking, and business performance review.
- Built segment-level financial models and driver-based projections to evaluate division-level economics, growth potential, and operating performance.
- Applied DCF valuation and comparable company analysis to support a private company valuation and synthesize findings into a strategic recommendation document.

GFI Global Financial Impact | New York, New York
Financial Professional (Contract)

June 2024 - May 2025

- Completed structured training in financial planning, market analysis, and client advisory fundamentals.
- Assessed client financial profiles and recommended tailored retirement, insurance, and investment strategies aligned with long-term wealth goals.
- Delivered personalized asset-allocation plans that improved financial readiness and clarified risk-return tradeoffs for families.

Aflac | New York, New York
Sales & Marketing Intern

July 2024 - October 2024

- Support outreach and prospect conversations; practice consultative selling and needs-based positioning.
- Present coverage options and handle objections by mapping product features to client pain points.
- Maintain organized follow-up to support pipeline progression and meeting conversion.

Rentah | New York, NY
Business Development Intern

January 2024 - June 2024

- Developed and executed a comprehensive marketing plan that expanded brand visibility across early-stage target segments.
- Conducted competitive analyses to identify strategic growth opportunities and inform user-acquisition initiatives.
- Drafted a long-term strategic business plan outlining product needs, market positioning, and operational improvements.

Leadership Experience

O'Malley School Of Business - Federal Reserve Challenge Team
Fed Challenge Interim Chairman, Vice Chairman: Quantitative Analyst & Policy Editor

October 2023 - May 2026

- Led the drafting and editing of team statements, improving clarity, narrative flow, and persuasive impact during competition presentations.
- Built econometric models analyzing inflation dynamics, labor market shifts, and output forecasts to support monetary policy recommendations.
- Synthesized macroeconomic data from FRED and market reports into policy briefs presented to Federal Reserve officials.

Manhattan University Investment Fund | Riverdale, NY
Financial Analyst & Non-Executive Board Member

September 2022 - May 2026

- Prepared full sell-side equity pitches, including industry analysis, valuation (DCF, comps), and risk assessment.
- Presented investment recommendations influencing portfolio construction for a long-only equity fund.
- Collaborated with a team of analysts to refine position sizing and portfolio risk metrics, helping improve the fund's risk-adjusted performance and alignment with its value-investing mandate.

Economics & Finance Society/Quant Society
Event Coordinator/ Director of Social Media

September 2022 - May 2026

- Organized on-campus finance workshops and recruiting events, increasing member engagement.
- Managed digital outreach and communications to strengthen club visibility.
- Coordinated cross-club initiatives that expanded academic programming and increased participation among Finance, Economics, and STEM-focused students.

Extracurricular & Project Experience

Dartmouth Investment & Philanthropy Program (DIPP)

Participant 2024

- Collaborated with a team to analyze a Fortune 500 strategic case, developing data-driven financial strategies.
- Built financial projections and delivered actionable recommendations involving revenue drivers and capital allocation.
- Evaluated strategic trade-offs across multiple scenarios, strengthening the team's final proposal and improving the defensibility of recommendations to program evaluators.
