Experience

Finance Department Intern Jun 2025 – Aug 2025
MT2CI — Abidjan, Ivory Coast

- Analyzed project expenses and supported budget tracking for large-scale infrastructure projects
- Assisted with invoice verification, payment processing, and reconciliation of financial records
- Supported preparation of internal financial reports to monitor costs and cash flow
- Maintained organized financial documentation to ensure accuracy and audit readiness
- Collaborated with finance team to improve data accuracy and reporting efficiency

Crew Trainer Nov 2022 – Dec 2024
McDonald's — Bronx, NY

- Trained staff and monitored performance to ensure operational compliance and efficiency
- Delivered customer service while resolving issues in a fast-paced environment
- Managed cash handling and daily reconciliation with high accuracy

Projects

Investment Portfolio Analysis Apr 2026
Excel, Financial Modeling, Equity Research

- Constructed a diversified $10,000 simulated equity portfolio across 4 positions (AAPL, NVDA, JPM, TSLA) and 3 sectors, targeting a weighted average expected return of 14.2%
- Conducted fundamental financial analysis for each holding including revenue growth trends, net margins, P/E ratios, and beta — identifying each stock's strategic role in the portfolio
- Evaluated systematic and idiosyncratic risk factors; assessed portfolio beta of 1.58 and modeled downside exposure in a severe market drawdown scenario
- Projected portfolio performance across bear, base, and bull scenarios; base case yielded +14.5% total return over a 1–3 year horizon
- Delivered findings in a professional PDF report and Excel model with full position-level breakdown and scenario analysis
