PROJECTS

Retail Analytics Dashboard

Sep '26 - Present

Python, SQL, Tableau, Git/GitHub

- Developing an end-to-end analytics dashboard to analyze **retail sales**, **customer**, **product**, and **regional performance**.
- Building a data workflow using **Python** for data preparation and **SQL** for querying transactional data and calculating key business metrics.
- Designing interactive visualizations to communicate **revenue trends**, **product performance**, and **key performance indicators**.
- Using **Git** and **GitHub** for version control, project documentation, and development tracking.

Content Analytics Platform

Sep '26 - Present

Python, Data Analytics, Git/GitHub

- Developing an analytics platform to consolidate and analyze **social media content performance** across multiple metrics and time periods.
- Designing metrics to evaluate **engagement**, **audience growth**, **content performance**, and **publishing trends**.
- Exploring automated **data collection methods** to reduce manual data entry and create a repeatable analytics workflow.
- Applying **data-driven insights** to identify content patterns and support strategic decision-making.

Paperboy Informational Website

Aug '26 - Present

HTML, CSS, JavaScript

- Collaborating with a **five-member team** to design and develop a multi-page informational website based on the classic *Paperboy* video game.
- Created **site maps** and **wireframes** to establish information architecture, navigation, and webpage layouts.
- Developing webpages using **HTML** and **CSS** while applying semantic structure, images, navigation, spacing, and reusable styling.
- Coordinating development responsibilities with team members to maintain **consistency across the website**.

Professional Development

Black Venture Capital Consortium (BVCC) - Product Management Career Track

Florida A&M University | September 2026 – November 2026

- Selected for a **10-week Product Management Career Track** focused on product strategy, customer-centered problem solving, and professional development.
- Developing **product management skills** through hands-on learning and a **capstone project** addressing a real-world business problem.

Scholars of Finance — Leadership Symposium

Georgia Institute of Technology | February 2026

- Participated in a leadership symposium focused on **values-based leadership**, **ethical decision-making**, and **professional development**.

EXPERIENCE

Walt Disney World — Disney College Program

May '26 - Aug '26

Starbucks Barista

- Delivered high-quality customer service to **hundreds of guests daily** while maintaining **speed**, **accuracy**, and **quality standards** in a high-volume environment.
- Collaborated with team members and resolved guest concerns through **effective communication and problem-solving** to maintain efficient operations and positive experiences.
