

Ndeye Fatou Fediore

Corporate Finance Graduate

Analytical and driven graduate of a Master's in Corporate Finance, I have strengthened my skills in financial modeling and performance analysis through academic projects and internships in equity research, wealth management, and banking. Rigorous, curious, and results-oriented, I bring structured thinking and strong analytical judgment to every project I take on.

PROFESSIONAL EXPERIENCE

Equity Research Analyst — *Exten*

April 2026 – July 2026 · Remote

- In-depth analysis of financial statements and regulatory filings to assess companies' financial health and key risks.
- Monitored macroeconomic and sector trends to anticipate market impacts.
- Identified market catalysts and risks likely to affect valuation.
- Analyzed market sentiment through insider transactions and analyst ratings.
- Built valuation models (DCF, comparables) and set price targets.

Wealth Management Advisor (Internship) — *Assurancevie.com, Vannes*

September 2025 – February 2026

- Analyzed multi-asset portfolios and contributed to rebalancing decisions.
- Managed KYC compliance and improved the quality of internal data.
- Produced performance reports and dashboards (Excel, Power BI).
- Strengthened client relationships through personalized, structured follow-up.

Sales Assistant, Wealth Management Market (Internship) — *Société Générale, Dakar (SN)*

August 2024 – October 2024

- Achieved a 65% weekly prospect conversion rate through optimized follow-up processes.
- Analyzed client needs and recommended financial solutions aligned with risk profiles.
- Contributed to internal optimization projects generating up to 80% efficiency gains.
- Took part in the "New Cash" program (target: 2 billion FCFA).
