SUMMARY

Results-driven professional with a strong background in software engineering, data analysis, and UX design, complemented by hands-on experience as an electrical technician and product designer. Holding a Bachelor's degree in Software Engineering and various qualifications in Electrical Technology, I bring a blend of technical expertise and creative problem-solving skills. Proficient in teamwork and effective communication, I excel in managing projects that bridge the gap between functionality and user experience. Adept at utilizing design principles and software development to deliver innovative solutions.

PROFESSIONAL EXPERIENCE

DATA ANALYST

NTS SARL. Douala | 2020 - 2024

I managed data entry and analysis thanks to my skills in Microsoft office (excel, word and PowerPoint)

ELECTRICAL TECHNICIAN

Karfelect. Douala | 2019 - 2019

Installation, wiring and maintenance

SOFTWARE DEVELOPER AND UX DESIGNER

Farm trade. Douala | present

Building an app for farmers and daily customers for a market awareness at your digital phone in your hand

UX DESIGNER

Tech greek. Douala | 2024 - present

UX research, wireframes, user persona and user flow is my role in this project which is on going

GRAPHIC DESIGN

Dream property . Douala Cameroon | 2024 - 2025

Created visually compelling designs for various digital and print media, including marketing materials, social media graphics, and branding assets. Collaborated with clients to understand their vision, ensuring all projects were delivered on time and met quality standards. Utilized design software to produce innovative visuals that enhanced brand identity.

PRODUCTS DESIGNER

Lahkam . Us | 2021

Designed innovative and user-centered products by conducting research, creating prototypes, and collaborating with cross-functional teams. Utilized design software to develop visual concepts and ensure product functionality, enhancing user experience. Received feedback and iterated designs to meet client and market needs effectively.

EDUCATION

BACHELOR DEGREE IN SOFTWARE ENGINEERING

University of Bamenda . Bamenda | 2023 - 2024

HND IN SOFTWARE ENGINEERING

University of Bamenda . BAMENDA | 2022 - 2023

We studied the fundamentals of a software development life cycle and building our first software project

BACCALAUREATE IN ELECTRICAL TECHNOLOGY

CETIC NGUEGA. Douala-Littoral | 2017 - 2018

Completed my high school in electrical technology with an understanding in domestic wiring, installation, maintenance and safety

PROBATOIRE IN ELECTRICAL TECHNOLOGY

GTHS CANADA. Bamenda - North West | 2015 - 2016

Completed a Probatoire in Electrical Technology, gaining foundational knowledge in electrical circuits, systems design, and troubleshooting techniques. Activities included hands-on workshops, simulations, and collaborative projects that enhanced problem-solving skills and understanding of electrical principles and safety standards.

CAP IN ELECTRICAL TECHNOLOGY

GTHS MBENGWI . Bamenda | 2013 - 2014

Gained hands-on experience in electrical circuit design, analysis, and troubleshooting. Learned about power systems, control systems, and electrical safety protocols. Developed proficiency in using tools and software for electrical measurements and diagnostics, enhancing problem-solving skills in real-world electrical applications.

COURSES AND CERTIFICATES

GOOGLE UX/UI DESIGNER

Cousera . USA | 2022 - 2022

Completed the Google UX/UI Designer course, gaining skills in user research, wireframing, prototyping, and usability testing. Developed a strong understanding of design principles, user-centered design practices, and tools like Figma and Adobe XD while working on real-world projects to enhance user experiences.
