PROFESSIONAL SUMMARY

Economics and Data Science undergraduate at Wesleyan University with hands-on experience in data analysis, strategic consulting, and stakeholder engagement across international settings. Proven ability to translate qualitative and quantitative research into actionable recommendations for organizational decision-makers. Multilingual communicator with cross-cultural collaboration experience across three continents.

EDUCATION

Wesleyan University

Bachelor of Arts, Economics and Data Science. GPA: 3.5/4.0.

Middletown, CT

May 2028

EXPERIENCE

Extern

June 2026 – Present

Amazon Operational Strategy & People Analytics Externship

Virtual

- Collect and clean employee feedback data from Glassdoor and YouTube to investigate rising attrition trends.
- Analyze qualitative and quantitative feedback from current and former employees using Python and AI software.
- Develop recommendations for Amazon managers to address employee needs based on research findings.

Consultant

October 2025 – December 2025

Wesleyan University Consulting Group

Middletown, CT

- Scoped and executed a project to improve international student engagement for the university's career center.
- Researched effective career center methods and analyzed student engagement data from Handshake using Microsoft Excel.
- Led data analysis to identify trends, developed strategic recommendations, and created an executive implementation timeline.
- Delivered actionable solutions projected to increase international student engagement by 4% within 3 months.

Consultant Intern, Research Lead

June 2025 – August 2025

diiVe

Cape Town, South Africa

- Partnered with Two Oceans Aquarium Foundation to improve sea turtle rehabilitation success rates across South Africa.
- Developed best practice guidelines for South Africa's three aquariums through cross-national research and stakeholder interviews.
- Managed a cross-national research team and synthesized findings into a formal proposal.
- Presented guidelines to aquarium stakeholders, securing agreement to submit to the South African government; anticipated a 5% increase in rehabilitation success.

Recruiting Ambassador

August 2025 – May 2026

diiVe

Cape Town, South Africa

- Promoted the diiVe internship program to students through campus events and one-on-one advising sessions.
- Organized and marketed weekly informational sessions to drive applicant interest and conversion.
- Achieved a 71% acceptance rate (5 out of 7 students) through targeted outreach and personalized advising.

Instructional Media Specialist

January 2025 – Present

Wesleyan University

Middletown, CT

- Support hybrid learning environments and campus IT infrastructure across classrooms and computer labs.
- Provide technical support for classrooms, meetings, and AV systems, minimizing disruptions during academic sessions.
- Assist faculty with live hybrid setups and troubleshoot printers and AV systems.

Future Forward Program Participant

June 2026 – July 2026

Bank of America

Virtual

- Selected as a sophomore participant for a competitive immersive program exploring career pathways in financial services.
- Participated in resume clinics, LinkedIn branding workshops, and interview preparation sessions.
- Gained foundational knowledge of corporate culture, business strategy, and diverse career paths within a leading global bank.

PROJECTS

Econometrics Research

April 2026 – May 2026

Wesleyan Economics Department

- Analyzed the NESARC Wave 1 dataset using STATA to examine the effect of parental history of alcohol abuse on an individual's probability of lifetime alcohol abuse.
- Presented research findings to the department, framing results within a broader societal context.

Economic and Survey Analysis

Wesleyan Consulting Project

- Analyzed career engagement data using Excel, identified key trends, and developed a strategic implementation plan.
- Applied survey data interpretation, data visualization, and project timeline management to deliver strategic reporting.
