PROFESSIONAL SUMMARY

Analyst with experience in Business Intelligence, Market Research, Data Validation, and Operational Reporting. Proficient in Power BI and Advanced Excel for transforming data into actionable business insights. Lean Six Sigma Black Belt certified with expertise in KPI reporting, process improvement, stakeholder collaboration, and data quality management.

WORK EXPERIENCE

Ishan Technologies

Analyst

Dec 2025 – Jul 2026

- Gathered stakeholder requirements and analyzed operational datasets to deliver actionable business insights and structured recommendations.
- Developed 30+ Power BI dashboards for KPI tracking, trend analysis, and operational reporting, enabling data-driven executive decision-making and supporting cross-functional status reporting.
- Collected, validated, and enhanced operational datasets to identify performance trends and drive continuous process improvement and workflow optimization.
- Performed root-cause and trend analysis, contributing to a 15% reduction in Mean Time to Resolution (MTTR).
- Ensured data quality, data integrity, and reporting accuracy through structured validation, reconciliation, and quality checks, while coordinating with cross-functional stakeholders to define KPIs, present analytical findings, and support team-wide business decision-making.

INTERNSHIP

Data Analyst Intern, Brillare Science Ltd.

Apr 2025 – Aug 2025

- Collected, validated, and researched primary market, pricing, customer-retention, and operational data to identify business trends and market expansion opportunities.
- Applied demand forecasting and inventory analysis using Excel, improving material-planning accuracy by 12%.
- Analyzed supply-chain workflows to identify inventory bottlenecks and improve stock-movement visibility.
- Developed Excel-based reports, performed data validation and quality assurance, and ensured reporting accuracy to support operational and strategic decision-making.

PROJECTS

Market Intelligence & Business Insights Analysis

Jul 2025 – Aug 2025

- Researched and analyzed customer-retention, pricing, and market data using Excel and Power BI; recommended targeted strategies with a projected 15% revenue uplift.

Demand Forecasting, Inventory Analytics & Process Optimization

Apr 2025 – Jul 2025

- Applied demand-driven forecasting and inventory analysis, resulting in a projected 20% reduction in inventory holding costs.

SKILLS

Analytics & Business: Data Analysis, Business Intelligence, Market Research, KPI Development, Dashboard Reporting, Trend Analysis, Root Cause Analysis, Stakeholder Management

Tools: Power BI, Advanced Excel, Power Query, Power Pivot, Pivot Tables, XLOOKUP, Python, SQL

Core Competencies: Data Validation, Data Quality, Data Reconciliation, Process Improvement, Operational Reporting, Lean Six Sigma Black Belt, Agile

EDUCATION

PGDM – Big Data Analytics

2024 – 2026

Adani Institute of Digital Technology Management

B.Tech – Mechanical Engineering

2020 – 2023

Dharmsinh Desai University

Diploma – Mechanical Engineering

2017 – 2020

Gujarat Technological University
