WORK & RELEVANT EXPERIENCE

Yinan Value Investing & Financial Modeling Externship

June 2026 – Present | **Remote**

- Conduct fundamental equity research on a publicly traded **Russell 2000 Value** company by analyzing SEC filings (10-Ks), financial statements, industry trends, and competitive positioning to develop an investment thesis.
- Build discounted cash flow (DCF), comparable company, and precedent transaction valuation models to estimate intrinsic value, perform sensitivity analysis, and evaluate investment opportunities.
- Draft a professional investment memorandum summarizing financial performance, valuation, business quality, competitive advantages, key risks, and supporting a Buy/Pass investment recommendation.

Finance & Operations Assistant — Zenshi Sushi Restaurant

January 2025 – June 2026 | **Lake Zurich, IL**

- Managed financial records in Excel for a family-owned restaurant generating approximately \$136,000 in annual revenue, tracking sales, operating expenses, vendor invoices, and receipts.
- Analyzed monthly revenue trends (\$8K–\$11K) and cost structure (\$2K–\$3K inventory spend) to support cash flow monitoring, budgeting, and operational forecasting.
- Evaluated the financial impact of launching a new delivery channel, identifying approximately \$1,500–\$2,000 in incremental monthly revenue (~15%–25% growth) while maintaining accurate accounting documentation for bookkeeping and tax preparation.

Burmese American Community Institute – Civic & Cultural Education Intern

May 2024 – August 2024 | **Indianapolis, IN**

- Assisted 30–40 individuals through the U.S. citizenship application process by reviewing documentation, verifying completeness, and ensuring accurate submission of required materials.
- Maintained and organized confidential participant records, supporting data accuracy, compliance standards, and efficient program operations.
- Partnered with a youth leadership initiative to coordinate community outreach and fundraising events and collaborated with local government officials on initiatives to strengthen educational and community development across Indiana.

PROJECTS

Bank of America Private Bank Job Simulations (Forage) | 2026

- Analyzed client financial profiles and developed wealth management recommendations using risk and asset allocation principles

Wells Fargo Commercial Banking Job Simulation (Forage) | 2026

- Evaluated business client financial performance to assess credit needs and develop financing recommendations

Financial Modeling & Valuation Project | LinkedIn Learning

- Worked through practice case studies to understand integrated 3-statement financial modeling, financial statement relationships, and key business drivers, while applying DCF valuation concepts to evaluate revenue and cost trends

LEADERSHIP & ACTIVITIES

DePaul Investment Group – Member

DePaul Inclusion in Finance Club – Member

Church Education Workshops Program – Team Member

- Collaborated with 50+ participants to plan and execute educational workshops and community engagement initiatives, supporting event coordination and program delivery.
