CAIA (Chartered Alternative Investment Analyst) Level 1 completed; currently pursuing Level 2, with expected completion in September 2026.

EDUCATION

National University of Singapore (NUS)

Expected Graduation: May 2027

Bachelor of Social Sciences (Honours), Economics

EXPERIENCE

Founder & CEO — *Whitebridge Capital, Singapore*

June 2025 – Present

- Founded and lead an independent capital markets firm spanning capital introduction, OTC referral partnerships, and proprietary trading
- Identified and sourced quantitative and alternative investment fund managers across crypto, macro, and systematic strategies; built origination pipeline and conducted qualitative manager evaluation
- Conducted comprehensive due diligence on manager operations, track records, fee structures, and risk profiles to assess investment merit and allocator fit
- Structured and pitched capital introduction opportunities to institutional allocators and family offices, connecting fund managers to \$50M+ allocation partners across APAC and Europe
- Developed investment theses and capital-raising strategies for early-stage and emerging fund managers seeking institutional capital
- Sourced, structured, and negotiated deals spanning Real World Assets (RWA) and Security Token Offerings (STO) on behalf of external client; evaluated market structure and token economics
- Sourced B2B leads as referral partner for a VARA-licensed OTC desk; built qualified prospect pipeline across UAE VASP licensees and family office channels
- Trade funded proprietary accounts with focus on XAU/USD and macro volatility; developed automated and discretionary trading models achieving consistent returns

Investment & Feasibility Analyst — *Jupiter Energy Ventures (Family Business)*

January 2026 – Present

- Conducted feasibility studies, due diligence, and investment analysis on prospective energy sector projects
- Built financial models and return projections to support investment decision-making on proposed ventures
- Assessed market conditions, regulatory factors, and risk exposure to inform investment recommendations

Premier Banking Customer Support Officer — *UOB (United Overseas Bank)*

February 2023 – July 2023

- Supported premier banking clients with card and banking service needs, resolving issues directly
- Advised clients on banking products and account matters in a regulated financial services environment
- Built strong client-facing communication and relationship-management skills through daily engagement with a premier client base
